It is expected that not less than 50 MENA Rotary Clubs will exhibit over 100 various humanitarian projects proposals categorized in the six Areas of Focus that will ensure sustainability and be beneficial to our communities.

I believe that by the joining of D2452 the Project Fair, it will be a great opportunity to boost rotary projects to higher level by multiplying the number of projects that serves the community and improving the rotary image through.

Queens, and where thousands of tourists from all around the world arrive annually to visit these monuments, contributing greatly to the economy of the modern city.

Our guests will experience the hospitality and generosity of the local people of Luxor in a safe and cozy environment in two of the most significant venues that offers a tremendous view of the river Nile, Sonesta St. George and Steigenberger Nile palace.
